

## Wilson FY08 Project Requests

Before requesting funding for a project, Wilson insists it meets at least one of four criteria:

- Directly affects South Carolina's Second Congressional District
- Furthers national security interests
- Contributes to South Carolina's infrastructure needs

&bull; A cost-benefit analysis is provided when available

The following projects are listed in alphabetical order under the appropriate subcommittee jurisdiction and includes the name of the project, the amount of the request, and who the request was made on behalf of:

### National Defense Authorization and Appropriations Requests

Aluminum Nitride Substrates and Devices, \$4,000,000, USC

Celebrate Freedom, \$500,000

Connect and Join, \$2,000,000

Controlled Humidity Protection, SCARNG Aviation Assets, \$5,800,000

High Efficiency Waste-to-Energy, \$5,800,000, Energy Solutions

ImPACT Battlefield Head Injury Diagnosis and Triage Program, Parris Island \$1,400,000

Laser Perimeter Awareness System (LPAS), \$9,500,000 increase to Budget, (MCAS-Beaufort)

M240, Support Budget- \$37,100,000, FN (support President's Budget)

M249, Support Budget- \$35,300,000, FN (support President's Budget)

Next Generation Manufacturing Technologies Initiative- Fuel Cell, \$4,400,000, Palmetto Fuel Cell Technologies

Organ and Tissue Preservation Technology, \$3,000,000, USC Medical School

SCAR, Support Budget- \$25,800,000, FN (support President's Budget)

Scanning Technology for Accelerating Reset (STAR), \$4,800,000, SCRA

ShotSpotter Individual Protection System- Weapon Detection and Location System, \$6,000,000

Structural Health Monitoring, Aviation Pilot Program, \$1,500,000, SCARNG

Sustainable Military Base Initiative, \$7,820,000, South Carolina Research Authority

Troop Recruitment Improvement Program (TRIM), \$6,000,000, SC Nutrition Consortium/USC

Tunable Camouflage Netting, \$1,400,000, Milliken

Tactical Metal Fabrication System (TACFAB), \$6,300,000, South Carolina Research Authority

Vanadium Tech Program (VTP), \$4,000,000, ATI

#### Commerce, Justice, State Appropriations

A Child is Missing \$250,000

National Law Enforcement & Corrections Technology Center (COPS Program) SE, \$5,000,000, SCRA

Claflin University Certified DNA Forensics Laboratory, \$1,720,000

Disaster Preparedness and Recovery Network (DisPRNet), \$5,000,000

National Textile Center, \$13,000,000, Clemson

West Columbia Law Enforcement Communications \$633,640

#### Energy and Water Appropriations

BioEthanol Collaborative, cellulosic, \$5,000,000, Clemson

Center for Science and Technology, \$4,000,000, Claflin University

Hunting Island \$100,000

Initiative  
to Establish Regional Capacity for Production of Bio-Fuel from  
Sugarcane and Other Cellulosic Compounds, \$3,000,000, Claflin  
University

Integrated Collaborative Prototyping Environment at Savannah River National Lab, \$4,000,000

#### Interior and Environment Appropriations

Town of Ridgeland Wastewater Treatment Facility \$500,000

West Columbia Water Project \$608,850

## Labor, Health and Human Services, and Education Appropriations

Camp Success, \$300,000, Silver Crescent Foundation  
Leadership Institute, Columbia College, \$1,200,000  
Communicare Pharmacy Renovation and Outreach, \$1,000,000  
Conservation through Education, Port Royal, \$1,000,000  
Science for South Carolina's Children, EdVenture Children's Museum, \$1,000,000  
Providence Heart Hospital, Sisters of Charity, \$2,000,000  
Conservation through Education, Town of Port Royal, \$1,000,000  
Webster University Undergraduate Degree Completion Program, \$575,000

## Transportation, Housing and Urban Development Appropriations

Columbia Metropolitan Airport Tower, \$25,000,000  
Bluffton Parkway, \$30,000,000, Beaufort County/Town of Bluffton  
Engenuity SC, Fuel Cell Challenge, \$100,000, City of Columbia/USC  
Hardscrabble Road, \$36,000,000, Richland County  
I-26/US1 Airport Connector, \$85,000,000  
I-77 Resurfacing Richland, \$2,000,000, SCDOT  
I-95/SC 301 Resurfacing, \$40,000,000, Orangeburg/SCDOT  
Lexington Transportation Management and Growth Plan, \$75,000,000, Lexington  
US 17 ACE Basin, \$150,000,000, SCDOT  
US 278, \$80,300,000, Beaufort County/SCDOT  
US 278 Extension to US 321- Evacuation Route, \$2,000,000, Beaufort County

## Agriculture, Rural Development, Food and Drug Administration Appropriations

Pasture Based Beef Systems, \$2,000,000, Clemson  
Shrimp Processing Facility, \$2,700,000, SC Shrimpers Association

## Military Construction, Veterans Affairs Appropriations

EOD/Ordnance Building, \$4,580,000, MCAS-Beaufort

Nuclear, Biological, Chemical Training Facility, \$3,350,000, MCAS- Beaufort

Operations, Training, and Communications Facility, \$11,200,000, McEntire Joint National Guard Base

Supply and Services Consolidation, \$8,300,000, MCRD-Parris Island

These project requests have passed a stringent test, ensuring taxpayer monies are allocated responsibly. I believe strongly in supporting the national security needs of our military and ensuring South Carolina's infrastructure needs are met. I am confident these projects meet those requirements.
